Dear Sir / Madam

B1051 – Station Road, Overton – Drainage Cleansing & Works

As part of the annual Planned Maintenance programme, this letter is to let you know that we will be undertaking drainage cleansing and drainage works on Station Road, Overton.

These works are currently programmed to start as follows:

- Drainage cleansing works between 22 Station Road and the overbridge at Quidhampton Mill, from Wednesday 17th July 2024 which are expected to take up to 3 days to complete.
- Drainage works between Lambs Close and the overbridge at Quidhampton Mill, from Monday 22nd July 2024 which are expected to take up to 4 weeks to complete.

During these times the road will be closed to vehicular traffic between the hours of 09:30 – 16:00hrs, Monday – Friday working. Local access will be maintained for businesses and residents where possible and the road will be open outside of these hours and at weekends. Please note the planned diversion route is not suitable for Heavy Goods Vehicles (HGV) and therefore **all HGV movements must be planned outside of working hours.**

Whilst there is an allowance within the time periods shown above for delays, there may be times when the works are postponed at short notice; based on the latest weather forecasts, this can occur just prior to works commencing.

Leon Churchill
Highways Manager (HQ)

Patrick Blogg
Director of Universal Services

We will always look to provide up to date information wherever we can, but sometimes these last-minute decisions can be difficult to relay to the travelling public in a timely manner. **When we can, any significant changes to the scheduled dates will be made clear on the yellow sign boards located at the works limits.**

For your safety and that of our workforce, we are unable to guarantee vehicular access to and from your property during the road closure. Should you need to make an essential journey, please contact a member of the workforce in advance and they will be able to advise if they can accommodate your request. Pedestrian access will be available at all times.

For further details of how the road closure may affect your access please visit our website – www.hants.gov.uk/roadworks

Thank you for your co-operation and if you need more information regarding these works, you can use any of the options below.

Visit One.Network which is where our planned works are published and is an independent platform that allows real-time monitoring of all the UK’s roadworks and diversions:
