

Are you a parent carer of a child with additional developmental needs?

This might mean your child has a learning disability, developmental delay or has developmental delays but does not yet have a diagnosis.

- Do you live in England?
- Is your child aged between 2 – 11 years?

You might like to take part in the Digital Family Support study – DAISY

We are exploring whether a digital parent support program called Stepping Stones Online can help improve behaviour and emotional difficulties in children with a learning disability or developmental delay and support the wellbeing of parent carers.

Stepping Stones Online is an online program for parent carers of a child with a learning disability. It covers:

- Learning strategies to make everyday life easier
- Supporting communication and everyday skills for children
- Positive ways to support behaviours that challenge
- Building your confidence in parenting

Parent carers can receive up to £90 worth of vouchers for completing questionnaires.

If you would like to find out more about how you can take part, please go to the project webpage:
